

Summary of Comments Community Meeting Lawton Street Resurfacing Project – Block Meeting May 17, 2017

The Community Meeting for the Lawton Street resurfacing project was held on May 17, 2017 at West Hunter Street Baptist Church located at 1040 Ralph D. Abernathy Blvd, Atlanta, Ga 30310.

Concerns and Responses

The purpose of the meeting was to gather input from the residents who live on Lawton Street between Foster Place and Oglethorpe Avenue.

Residents Concern/Comments:

- This section of Lawton Street operates differently than other segments of Lawton Street.
- The needs along this section differ from the rest of the corridor.
- Safety and high vehicular speed.
- Losing parking on either side of the roadway *when they do not have any off-street parking*.
- A frustration that there were no options presented at the February 23, 2017 meeting that allowed for parking on both sides of the roadway.

Response:

- This section will remain as it currently is.
- There will be no striping.
- Parking will be allowed on both sides of the roadway.
