

## **Public Open House Westminster Drive Roadway Improvement Project April 18, 2017**

Welcome to the Public Open House for proposed City of Atlanta Hirsch Street and Westminster Drive Roadway Improvement projects. In this handout you will find a description of the Westminster Drive Improvement project, project map, and a comment card.

As you enter the room, please feel free to review the display of the proposed project as well as other similar roadway improvement projects in Atlanta. Renew Atlanta and representatives from the ARCADIS|BPA Joint Venture are available to discuss the project and answer your questions. The attached comment card is an excellent way to have your comments recorded and considered.

The informational boards, and comment card will be available following this meeting on the Renew Atlanta website. [www.renewatlantabond.com](http://www.renewatlantabond.com)

### **PROJECT DESCRIPTION**

This project will provide roadway improvements along Westminster Drive from Dutch Valley Place to Monroe Drive. This new pavement will tie in to existing pavement on Dutch Valley Place and Monroe Drive. This project is approximately 300 linear feet. The existing section includes a gravel road approximately 20-feet-wide. The proposed section includes a 22-foot-wide asphalt paved road with an 11-foot travel lane in either direction. There is a 6-inch granite curb, 5-foot sidewalk, and 2-foot shoulder on the northern side of the street, and the existing sidewalk will remain on the southern side of the street. ADA ramps will be reconstructed to tie into existing sidewalks at the intersection of Monroe Drive, Dutch Valley Place, and the existing trail. New stop bar pavement markings and stop signs will be located at the intersection of Monroe Drive.

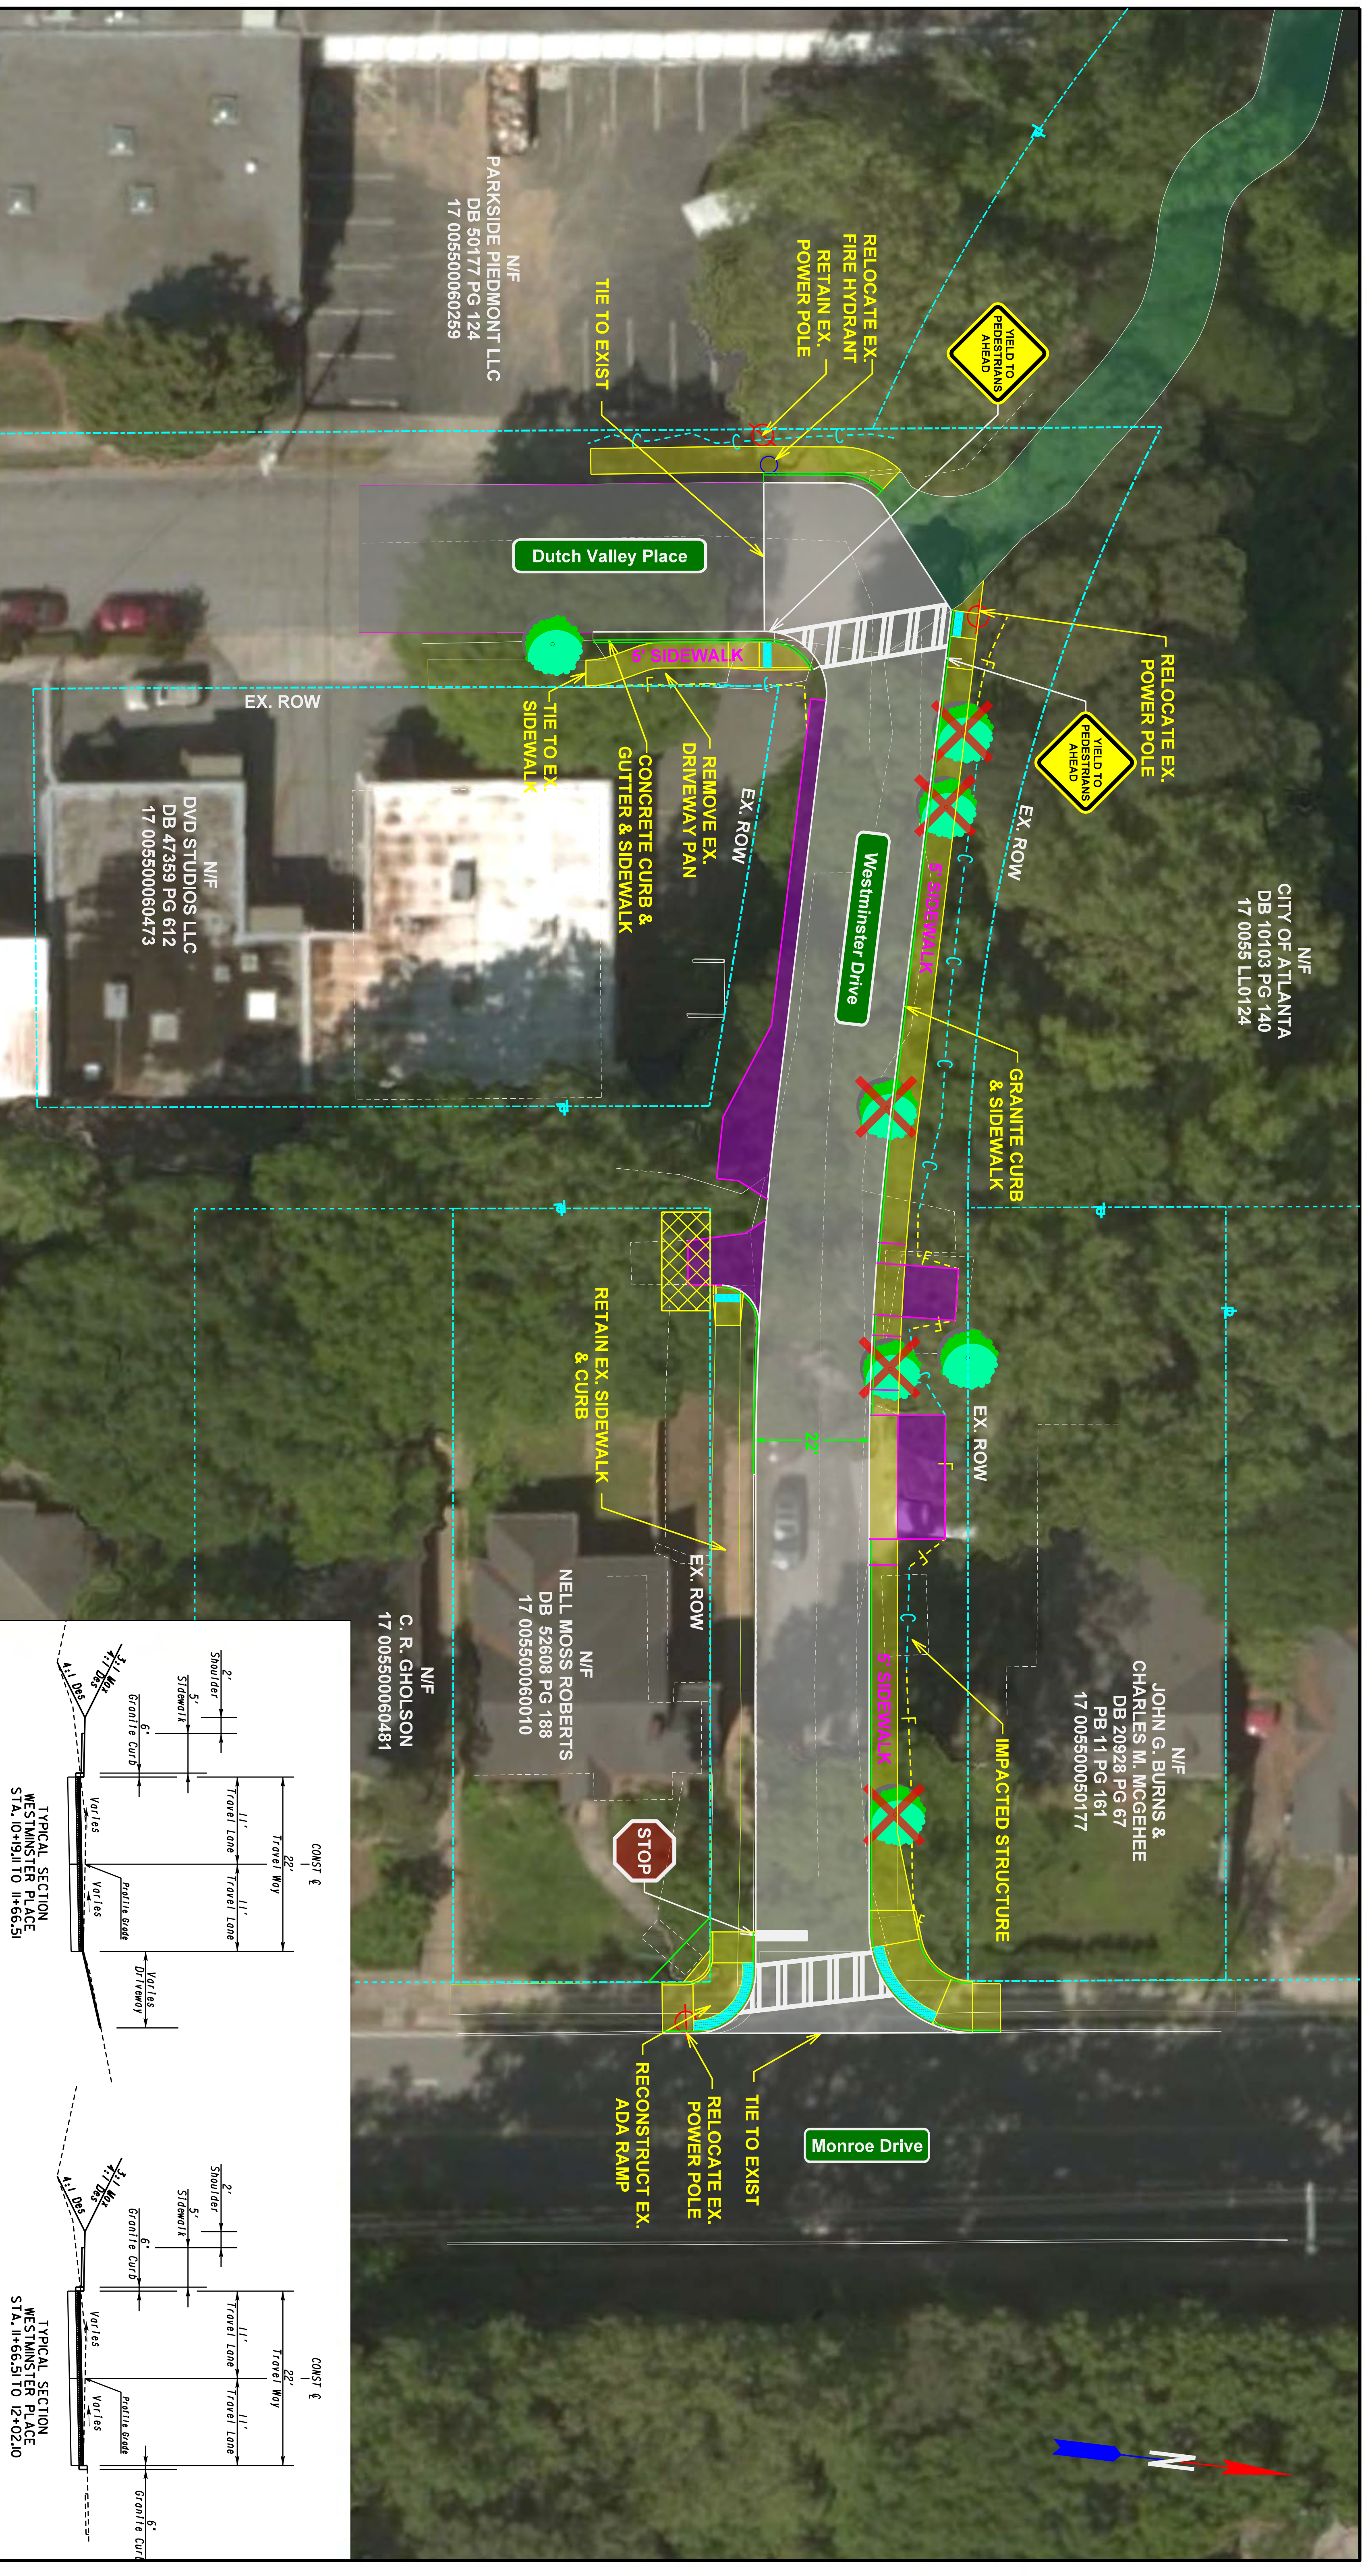

The location of the proposed project can be seen in the attached project map.

### **CLOSING**

Thank you for attending this Public Open House and providing your comments. Your input is an important part of the process.
